

ROYAL CARIBBEAN INTERNATIONAL TAKES DELIVERY OF MUCH ANTICIPATED OASIS OF THE SEAS

World's Largest and Most Revolutionary Cruise Ship Sets Sail for Home Port of Fort Lauderdale, Fla.

MIAMI, October 28, 2009 – After nearly six years in the making, Royal Caribbean International proudly took delivery today of its newest and most revolutionary cruise ship, *Oasis of the Seas*, from STX Europe in Turku, Finland. Kicking off the 12-day countdown until her U.S. debut into Port Everglades in Fort Lauderdale, Fla. on Wednesday, Nov. 11, 2009, *Oasis of the Seas* will be departing Turku on Friday, Oct. 30 with Captain William S. Wright at the helm. Her transatlantic crossing will be chronicled on OasisoftheSeas.com as new webisodes are posted daily and via Twitter by following @OasisandAllure. A new feature to OasisoftheSeas.com will allow visitors to view a Google Maps application and follow *Oasis of the Seas* journey. Richard Fain's "Chairman's Blog" on OasisoftheSeas.com and "Adam's Blog" by President and CEO Adam Goldstein on NationofWhyNot.com also will provide personal updates.

The cruise line that revolutionized the industry with the FlowRider surf simulator, ice-skating rinks, cantilevered whirlpools, rock climbing walls and the Royal Promenade, an entertainment boulevard stretching nearly the length of the ship, is poised to unveil a range of new attractions and engineering marvels onboard *Oasis of the Seas*. The ultimate expression of Royal Caribbean's legacy of imagination and innovation, *Oasis of the Seas* introduces unique industry "firsts" including a neighborhood concept – seven themed areas providing guests with the opportunity to seek out relevant experiences based on their personal style, preference or mood. Within these seven neighborhoods – Central Park, Boardwalk, the Royal Promenade, Pool and Sports Zone, Vitality at Sea Spa and Fitness Center, Entertainment Place and Youth Zone – are extraordinary elements such as the first park at sea, a thrilling zip line that races diagonally nine-decks above an open-air atrium, an original handcrafted carousel, 28 multilevel urban-style loft suites boasting floor-to-ceiling windows, an aquatic amphitheater – called the AquaTheater that serves as a pool by day and a dazzling ocean front theater by night; and an array of epicurean innovations that allow for new culinary experiences each day of a guest's cruise vacation.

This November, just in time for the U.S. Thanksgiving holiday, *Oasis of the Seas* will be unveiled on ABC's "Good Morning America" who will be there to welcome her into her home port in Fort Lauderdale, Fla. as well as give viewers an exclusive first glimpse of the ship during a special live broadcast on Friday, Nov. 20.
